Walking City Tour Information

Overview of your Stockholm tour:

This very tour will be ideal for those of you who are visiting Stockholm for only a day (cruiser guests) or school/student/business groups. We will cover the main sights of Gamla stan/old town in 2 hours. During these hours, you really get a great overview of the medieval history of Stockholm. Walk with me through some of the priciest streets of this amazing city and listen to the stories you might have heard about but never really connected to Swedish historical events. For those of you interested in some royal gossip, I have a special treat, which has an interesting outcome on modern-day Swedish history. We'll obviously visit one of the largest and best-preserved medieval city centers in Europe: Stockholm's Gamla Stan. This is where it all started, back in the year 1252. You'll learn about our most important kings—their names are easy to remember—and hear about the famous Vikings, plus learn how to read an actual runestone.

Your Stockholm tour itinerary

- In the Old Town, we will avoid the huge groups and stick to the side streets where you can learn about many of the Swedish kings. We'll also unearth one of the best-kept secrets in the city.
- You'll walk along the narrowest street of this amazing city and learn why it's a tourist magnet
- And we'll also tell you a secret that most people do not know at all.
